

Minutes of the Special Bowman Parks & Rec Board Meeting held on February 21, 2020, via
Text

Present: Wilke, Johnson, Wokal, Allerdings, Director Walby

Chairman Wilke requested Director Walby contact the Park Board members requesting a motion to spend an additional \$1500 to remove additional large tree branch in city park that Caleb Waddington, the tree cutter, suggested. Wilke was at City Park with Jorgenson and Waddington for an already approved tree cutting. They discussed the tree limbs and it was suggested to remove them while Waddington was there due to poor condition of the tree leading to a potential safety issue.

A text was sent to the five board members by Walby stating "Darwin asked me to send a request for a motion to spend an additional \$1500 to remove another large branch from a tree at city park." **Johnson replied in the group text stating "I agree with removing branch if it needs to be."** **Allerdings replied in the group text stating "I second with the \$1500 large branch removal."** **Wokal replied via text directly to Walby stating "I agree with request after looking at the tree base,"** and **Walby replied in the group text stating "Bob agreed."** AIF MC. **Wilke then replied "Ok."**

Clerk – Nelsen
