

Bowman County Development Corporation 2022 Revitalization: Façade Program

Introduction

The Revitalization Façade program is geared towards improving the creation and expansion of commercial and retail sectors in the downtown and Highway 85 & Highway 12 business districts of Bowman County, further emphasizing the Bowman County Development Corporation's mission of developing and sustaining a great place to live, work and grow. Multiple other communities, such as Fallon County and Stark County, have adopted a program such as this and have seen positive results.

Visual presentation is an important aspect of marketing and gaining customer loyalty. The exterior appearance of a building is the initial point of interaction between the business operating within and a potential customer. Studies have shown that thoughtful design improvements can often lead to greater sales for a business. In fact, 70% of first-time sales at restaurants, retail shops, lodging facilities, and attractions come from curb appeal. The physical character of our business districts in Bowman contributes greatly to the overall image of the community for its residents, customers, and visitors.

Program Goals:

- Enhance and promote commercial growth in downtown and business district on highway corridors of Bowman
- Improve the physical appearance, visibility, and 'curb appeal' of storefronts including signage and awnings as well as the overall look of the property
- Encourage redevelopment and reinvestment in the community
- Leverage private investments while making revitalization affordable and local
- Encourage historical preservation and renovation

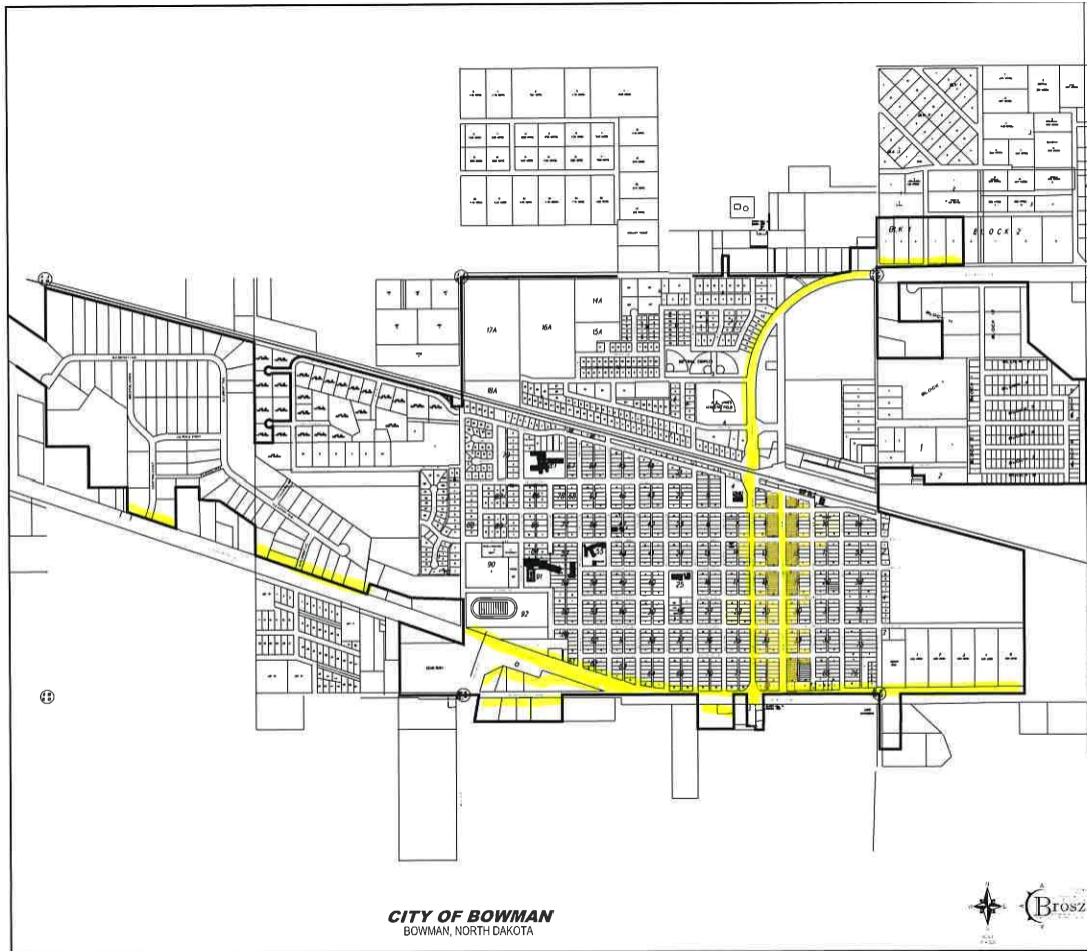

Program Summary

The program is administered by the Bowman County Development Corporation. Funding is provided in part by the City of Bowman, Bowman County and Bowman County Development Corporation Growth Fund.

Interested commercial property owners may apply for a forgivable loan, not to exceed \$10,000 for up to 50% of their investment in rehabilitating and/or updating the visible store-front a building façade. The building must be located in the Downtown district or on Highway 12 and Highway 85 corridors within city limits of Bowman. (see Map No. 1 for eligible areas).

Applications will be taken on a first-come, first-serve basis and awarded as long as program funding is still available.
